

NEWS FROM ALL PARTS OF FLORIDA

of Happenings From Various Sections of State.

MOST IMPORTANT EVENTS

Inspiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader.—Items of Interest to All Classes.

Marion county is suffering from the effects of dengue fever.

A society of the Sons and Daughters of America will be organized at St. Petersburg.

It is now thought probable that the government will build a big naval dock at Pensacola.

St. Augustine was on her good behavior during the visit of the President, and the police had a holiday.

The slot machines at Key West that have thrived and blossomed like the under Lemon tree, have got to go.

Jim Herden, a colored St. Augustine coach driver, was arrested Monday on a charge of horse-whipping his wife on the street. Fine, \$40.

C. H. Mathis of Blackville, N. C., one of the largest cantaloupe growers in the country, will plant cantaloupes in Marion county again next season.

Jim Eady was captured near St. Petersburg on a charge of assault on another coon with intent to murder, and held in default of bail. They had been gambling.

Captain Mathews has been arrested at Key West, charged with robbing the tug Osceola of some of the books, instruments, spyglasses, etc. He will be tried in the United States court.

Andrew Young, a negro who was talking considerable in Jacksonville, said he came from New Orleans only a few days previous. He was a surprised coon when he was marched to the detention camp.

Jim Glasco was arrested at Aycock Bros.' lumber camp near Chipley, charged with setting the fire October 15th that caused the death of the white man and negro. It is thought Glasco killed the two men and then fired the camp.

In the game of football at Lake City today, between the University of Florida and the military team of Jacksonville, the Varsity eleven scored a touchdown and kicked a goal in the first half, and left the field when the military team sent in Yancey of Kentucky to play in the second half. The University team is a good one.

In his anxiety to get at the facts in the matter of the Eppe murder case, Governor Broward personally visited the Duval county jail and interviewed Isham Edwards, the negro who has been found guilty of the murder. The murderer claims that he alone is guilty and that the two other persons held as accessories know nothing of it.

Key West will be the greatest beneficiary of Mr. Flagler's marine railway. Extensive docks and terminals will be built. These will include a dry dock, 10 wharves each 800 feet long and 100 feet wide, with basins 200 feet wide between. The ten piers will furnish berths for 40 boats, 400 feet long, with a depth of water from 20 to 30 feet.

The Florida Times-Union will have conveniently fitted up headquarters for the State press in the main building of the State Fair at Tampa, and will esteem it a privilege to have any member of the fraternity take advantage of the conveniences offered. Also copies of State papers should be sent there during the fair, where they can be kept on file and read.

Ed Hanks, a fisherman, who was camped at the mouth of Canoe Creek, on Lake Ocyress, near Kissimmee, killed himself on Friday afternoon. From the statement of his wife, who was the only one present when the accident happened, it appears Mr. Hanks was cleaning his rifle and had the butt of it setting on a bench. Somehow or other the gun slipped, and the hammer exploded the shell, sending the ball, a 38 Winchester, into his side just below the heart. He was able, with his wife's assistance to walk into the house, but died in a short time afterward.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MISS ALICE ROOSEVELT RETURNS

She Reaches San Francisco on the Siberia.

San Francisco, Oct. 25.—The Pacific Mail Steamship company's liner Siberia arrived at this port today direct from Yokohama.

There were many distinguished passengers on the Siberia, among them being Miss Alice Roosevelt, United States Senator Newlands, of Nevada, and wife; United States Senator Warren, of Wyoming; Representative Longworth, of Ohio; Brigadier General H. T. Allen, chief of the Philippine constabulary; E. H. Hartman, president of the Southern Pacific company; R. P. Schwerin, vice president and general manager of the Pacific Mail Steamship company, and Miss Mabel Boardman and Miss Amy McMillan, of Washington, D. C., the latter being traveling companion of Miss Roosevelt. M. Shoraiishi, vice president of the Tokio Kisen Kaisha Japanese steamship line, also came over from the Orient.

Miss Roosevelt and party left at 3:30 this afternoon for the east over the central route of the Southern Pacific, connecting with the Union Pacific and the Chicago and Northwestern lines via Chicago for their homes.

Full of Tragic Meaning

Are these lines from J. H. Simmons of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for consumption, coughs and colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all druggists; guaranteed; 50c and \$1.00. Trial bottle free.

Town Shut Out from World Chicago, Oct. 25.—A mode of life somewhat resembling that of frontier settlements in early days was inaugurated today by a coke company, with extensive ovens at South Deering. A grim stockade surrounds the plant of 1,000, will live and labor within the walls, practically shut off from the outer world. Hundreds of cottages and store buildings and places of entertainment, including a dance hall have been provided. The purpose of the stockade is not defense, but to make a modern colony of workers, who will not be continually changing employment. Curfew will ring at 9 o'clock, and iron-clad rules will govern the lives of the workers. The dance hall was opened with a ball for the workers.

Astonishing Incident.

It was, to all her friends, an astonishing incident that Mrs. I. B. Hunt of Lime Ridge, Wis., was cured of her dreadful sickness. "Doctors," she writes, "had given me up; friends were ready to bid me the last farewell; clouds of despair darkened my horizon, and I was a wreck on the shores of despondency, when I began to take Electric Bitters for my frightful stomach and liver complaint. To the astonishment of all, I was benefited at once and am now completely and miraculously restored to health. At all drug stores; price 50c; guaranteed.

SHORTAGE OVER ONE MILLION.

President of Defunct Pittsburg Bank Gives Out Statement.

New York, Oct. 25.—A special to the Tribune from Pittsburg says Fred Gwynner, president of the defunct Enterprise National bank, when asked yesterday what the shortage of the Enterprise would amount to said:

"It will be very large, much larger in fact than we first supposed. From what I know now, it will reach, \$1,500,000. None of the directors or officers, not even myself, had any idea that it would reach such an enormous sum as that.

"The directors have determined, however, that no matter how great the shortage, it will be paid and the bank re-open for business. We hope before a month elapses it will be in operation, and will eventually hold up its head and occupy the proud position that it formerly commanded."

How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

Statistics of Killed and Injured.

Washington, Oct. 25.—During 12 months ended June 30, 1905, 886 persons were killed and 13,783 injured as the result of accidents on railroad trains, according to a report of the interstate commerce commission issued today. Comparison with 1904 shows an increase of 11 killed and 4,123 injured among passengers and employees, the increase in killed being wholly among passengers, while the number of employees killed shows a decrease of 106. There were 1,231 collisions and 1,535 derailments, of which 163 collisions and 168 derailments affected passenger trains. The damage to cars, engines and roadway by these accidents amounted to \$2,410,871.

Bryan Meets Admiral Togo.

Tokio, Oct. 25.—William J. Bryan was present at the reception today in honor of Admiral Togo. The mayor introduced Mr. Bryan to the admiral. An exchange of cordial sentiments followed. The admiral was delighted at the unexpected presence of Mr. Bryan.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Keep Your Head Clear

And your stomach free from indigestion if you would be happy with your family and your fellow-men.

The surest thing on earth to set a man's system "out of whack" is heavy, sugary bread, which is caused by several reasons. First, the material may not be good. Second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long cut" is known how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

AT ST. AUGUSTINE.

Large, cool furnished rooms at Ocean View Hotel. Free bath. Light house-keeping privileges. Rates \$1 to \$5 per week, each room. Meals may be had next door. W. H. R. FERRIS, Prop.

SORES-ULCERS THE BLOOD DISEASED -SYSTEM DISORDERED

When a Sore or Ulcer is slow in healing it is the best evidence of a diseased condition of the blood and a disordered system. They show that the bodily impurities, which should pass off through the natural channels of nature, are being retained in the system from some cause. The blood absorbing the waste matter becomes steeped in poison which finds an outlet through the Sore or Ulcer, keeping it

inflamed, painful and festering. As the blood constantly discharges its poison into these places, they eat deeper into the surrounding flesh and tissues, growing larger and more offensive in spite of all the sufferer can do, until the entire health is affected. Washes, salves, powders and such treatment are desirable for the reason that they are cleansing and also help to relieve the pain, but they are in no way curative. The blood is filled with poison, and until it is removed the sore cannot heal. S. S. S. is the only cure for these evidences of impure blood. It goes down to the root of the trouble and cleanses the circulation of all poisons and impurities. S. S. S. enriches the blood and reinvigorates the different members of the body so that the impurities and waste matters can pass off as nature intended. Then the discharge ceases, the sore scabs over, new flesh is formed, and the place heals permanently. Look on Sores and Ulcers and any medical advice you need without charge
